RE: Senate Bill 69 - Support

Dear Senator Rubio,

On behalf of the San Manuel, Pechange, Santa Ynez Chumash, United Auburn, Chukchansi, and Table Mountain tribes. We write in support of SB 69, the Warehouse Clean Air Act.

SB 69 takes meaningful steps to address air pollution associated with warehouse truck traffic by establishing statewide standards for large warehouses and creating investments in pollution mitigation and community health improvements.

Our tribes recognize the importance of protecting public health, natural resources, and environmental quality for future generations. We appreciate that the bill promotes cleaner technology, air quality improvements, and investments in communities disproportionately affected by pollution.

For these reasons, we respectfully urge support for SB-69.

Sincerely,
