SENATE BILL SB-11

Introduced by Senator Angelique Ashby (D-8)

An act relating to Family Housing Stability Partnership Act.

LEGISLATIVE COUNSEL'S DIGEST

SB-11, Angelique Ashby (D-8). Family Housing Stability Partnership Act.

Under existing law, California requires cities and counties to have a housing element that addresses the housing needs of people at different income levels. Local governments must also include programs to help develop affordable housing.

Existing law allows local governments to work with nonprofit and community based housing organizations to develop and manage affordable housing projects.

This bill would create the Family Housing Stability Partnership Program within the Department of Housing and Community Development. The program would fund affordable housing projects that partner with local organizations to connect families with housing, employment, transportation, and family support services.

The bill would appropriate five million dollars ($5,000,000) from the General Fund to the Department of Housing and Community Development to establish and operate the program.

Vote: 2/3rds. Appropriations/fiscal: yes. Local program: yes.
